Environment Policy

We will be an industry leader in manufacturing of 70% sorbitol by continual improvement of environmental, health, and safety performance and are committed to the following basic principles in managing our businesses worldwide

- Compliance with all applicable environmental, health, and safety laws & regulations and as per customer requirement.
- Continual improvement in environmental, health and safety performance with the ultimate goal of zero injuries and minimum emissions of toxic and hazardous materials.
- Design and operation of our plants and facilities in a manner that protects the environment and the health and safety of our employees and the public.
- Production of products that can be manufactured, distributed, used, and recycled or disposed of in a safe and environmentally sound manner.
- Open discussion of our environmental, health, and safety practices and performance.

The policy will be reviewed for its continuance suitability for ongoing business. The Policy will be made available on request to the public and interesting parties.
